

Bhagyashri Kachare (Joshi)

Operations Integration & Delivery Governance Consultant — Production Support / AMS Transition
Pune, Maharashtra, India | bkachare@gmail.com | +91 98508 99140 | linkedin.com/in/bhagyashri-kachare-joshi-ab091831

PROFESSIONAL EXPERIENCE

Lead PMO — Insurance Client / GCC Scale — Capgemini (Apr 2025 - Present)

- Own PMO governance and GCC setup/scaling for a global insurance client: stakeholder management at C-level; cross-functional collaboration (IT security, network, operations, vendors); process architecture and documentation (LLD/playbooks); deliverable review and team coaching (8 PMs)
- Risk/conflict resolution frameworks; operational governance and reporting at executive level

Customer Service Manager (CSM) — Capgemini (Mar 2024 - Mar 2025)

- As a CSM, oversee end-to-end project ownership, ensuring seamless execution, stakeholder alignment, and successful delivery
- Leverage Certification expertise in E-Monitoring, SMART, GTD, and Agile methodologies; track progress, identify risks, implement proactive solutions
- Facilitate collaboration across delivery, engineering, and business stakeholders; maintain SLA compliance and operational readiness

Lead PMO — Delivery & Operational Governance — Capgemini (Jul 2022 - Mar 2024)

- Established operational governance frameworks and standardized process methodologies for enterprise-scale programs, aligning with production support and transition best practices
- Authored and validated on-boarding playbooks, vendor-selection frameworks, and staffing models — the operational foundation for a new India GCC center
- Drove knowledge transfer to 8 project managers on AI-augmented risk identification and mitigation, reducing critical risks by 25%
- Coordinated delivery handovers, stakeholder alignment at executive level, and reporting governance across engineering and operations teams

Sr. Analyst (PMO) — Buzzworks Business Services (Deployed at Capgemini) — Feb 2022 - Jul 2022

- Supported PMO operations for enterprise-scale delivery with focus on process standardization, vendor selection, and cross-functional stakeholder alignment

Senior Customer Care Executive — Wipro BPO, Pune — Mar 2004 - Mar 2008

- Developed strong foundation in client management, quality assurance, and operational efficiency
- Managed UK-based insurance policies, facilitated payments, and ensured compliance with service-level agreements
- Led training, quality audits, and process optimization contributing to team efficiency

PROFILE SUMMARY

Operations and delivery professional with 8+ years across production support, service operations, and delivery governance at Capgemini and Wipro BPO. Proven experience driving operational readiness, support model onboarding, runbook and playbook development, knowledge transfer, hypercare and stabilization coordination, and SLA-driven incident, problem, and change management in enterprise environments. Strong ITIL-aligned service management foundation, stakeholder alignment across engineering, operations, infrastructure, and business teams, and hands-on use of AI to accelerate operational reporting and readiness documentation. Certified Scrum Master, bilingual English/Marathi, Pune-based.
