Uses E-Monitoring, SMART, GTD, Jira, ServiceNow, Excel visualization. ### Lead PMO â€” Capgemini (Jul 2022 â€” Mar 2024) As a Lead PMO, I was responsible for developing and standardizing project management methodologies, ensuring compliance with industry best practices. I worked closely with project managers and stakeholders to define clear objectives, establish budgets, and track progress using data-driven insights. I implemented training programs and coaching sessions to enhance the project management capabilities of teams, fostering a culture of efficiency and accountability. My role required proactive risk management, timely issue escalation, and conflict resolution to maintain project momentum. I leveraged Excel for real-time status reports, financial tracking, and performance metrics, enabling leadership to make informed decisions. Additionally, I conducted post-mortem project reviews, capturing lessons learned and driving continuous improvement in project methodologies and standards. ### Sr Analyst PMO â€” Wipro BPO / Capgemini (Feb 2022 â€” Jul 2022) Staffing, vendor management, onboarding frameworks, data tracking, forecasting. ### Customer Service Manager (CSM) â€” Capgemini Technology Services India Ltd. Mar 2024 â€” Mar 2025 As a CSM, I oversee end-to-end project ownership, ensuring seamless execution, stakeholder alignment, and successful delivery of business objectives. I play a pivotal role in people management, team coordination, and stakeholder engagement, ensuring that teams remain aligned with project goals and organizational strategies. I partner with cross-functional teams across Capgemini and client organizations, fostering collaboration to drive project outcomes efficiently. Leveraging my Certification expertise in E-Monitoring, SMART, GTD, and Agile methodologies, I track project progress, identify risks, and implement proactive solutions. My role also includes facilitating conflict resolution, ensuring that project-related disputes are effectively managed to maintain team cohesion and productivity. Additionally, I utilize

Excel for data visualization and analysis, providing leadership with real-time project insights to support informed decision-making. By maintaining a structured approach to budgeting, invoicing, and forecasting, I ensure financial accuracy and adherence to project constraints. ## Key Expertise Stakeholder Management Â· PMO Governance Â· Invoicing & Tracking Â· Project Control Â· Staffing & Onboarding Â· GCC Setup & Scaling Â· Customer Relationship Â· Risk & Mitigation Â· AI PM Tools Â· E-Monitoring Â· SMART Â· GTD Â· Jira Â· ServiceNow Â· Excel Visualization Â· Certified Scrum Master ## Contact Email: bkachare@gmail.com Â· Phone: +91 9850899140 Â· LinkedIn: linkedin.com/in/bhagyashri-kachare-joshi-ab091831 ## Portfolio / Design Note This portfolio uses Cursor design system (DESIGN.md): Parchment (#f7f7f4) canvas, Ink (#26251e) text, Ember (#f54e00) link accent, Forest (#34785c) status pill, Bone (#f2f1ed) card surfaces, Stone (#cdc9c9) hairline borders, CursorGothic + EB Garamond + berkeleyMono typography, 4px radius, flat editorial surfaces, no bold headings, selection highlight (#8BC4F8) only, warm shadows only (no cool glow), no gradients. --- No SailPoint / Java / REST APIs added (per user instruction).
